

# WASHINGTON STATE VACCINE LOCATION REPORTING

Feb 10 & 11, 2021

# Presenters

**Kristin Peterson**

*Assistant Secretary*

DOH/Health  
Systems Quality  
Assurance Division

**Jennifer Coiteux**

*Acting Office Director*

DOH/Office of  
Immunization and  
Child Profile

**Ian Corbridge**

*WA HEALTH Program  
Administrator*

DOH/Health  
Systems Quality  
Assurance

**Judy Hall**

*Performance Officer*

DOH/People and  
Performance  
Division

# Virtual Gathering

---

- Please share your thoughts/questions in Chat Box
- Slide deck will be posted on the [WA HEALTH webpage](#)
- Presentation is being recorded and will be available on the [WA HEALTH webpage](#)

# Discussion Objectives

---

- At the end of today's discussion participants will be able to:
  - Identify recent success regarding WA HEALTH vaccine reporting
  - Articulate the need for a new state level effort to collect vaccine location information
  - Describe the process for vaccine sites to interact with and submit vaccine location information to WA HEALTH daily
  - Articulate the process by which vaccine data will be populated in the WA Vaccine Locations Map
  - Identify other important vaccine information/resources

Recap on Recent Progress

VACCINE REPORTING IN WA HEALTH

# Vaccine Metrics Update

- Added new COVID-19 vaccine metrics
- Onboarded new partners
- Over 400 sites reporting data daily

1. Total doses on hand (reported daily)

2. Total doses administered the previous day (reported daily)

3. How many 1st doses are you planning to administer for the following week from Wednesday to Tuesday reported every Monday)

# Vaccine Location Reporting

SUPPORTING THE PUBLIC IN FINDING VACCINE

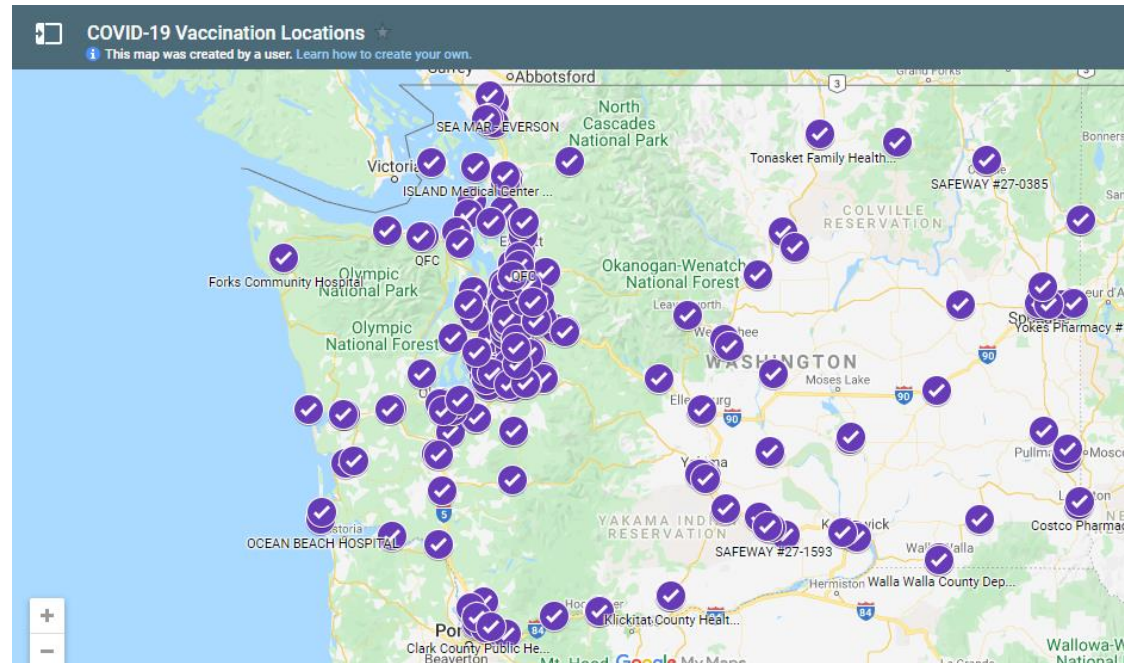

# Connecting The Public With Vaccine

## Current State

**Goal** – efficiently connect public to vaccine locations

Currently:

- Manually update data
- Requires ongoing site/DOH engagement and time
- Data lags cause confusion
- Site views: more than 250,000/day

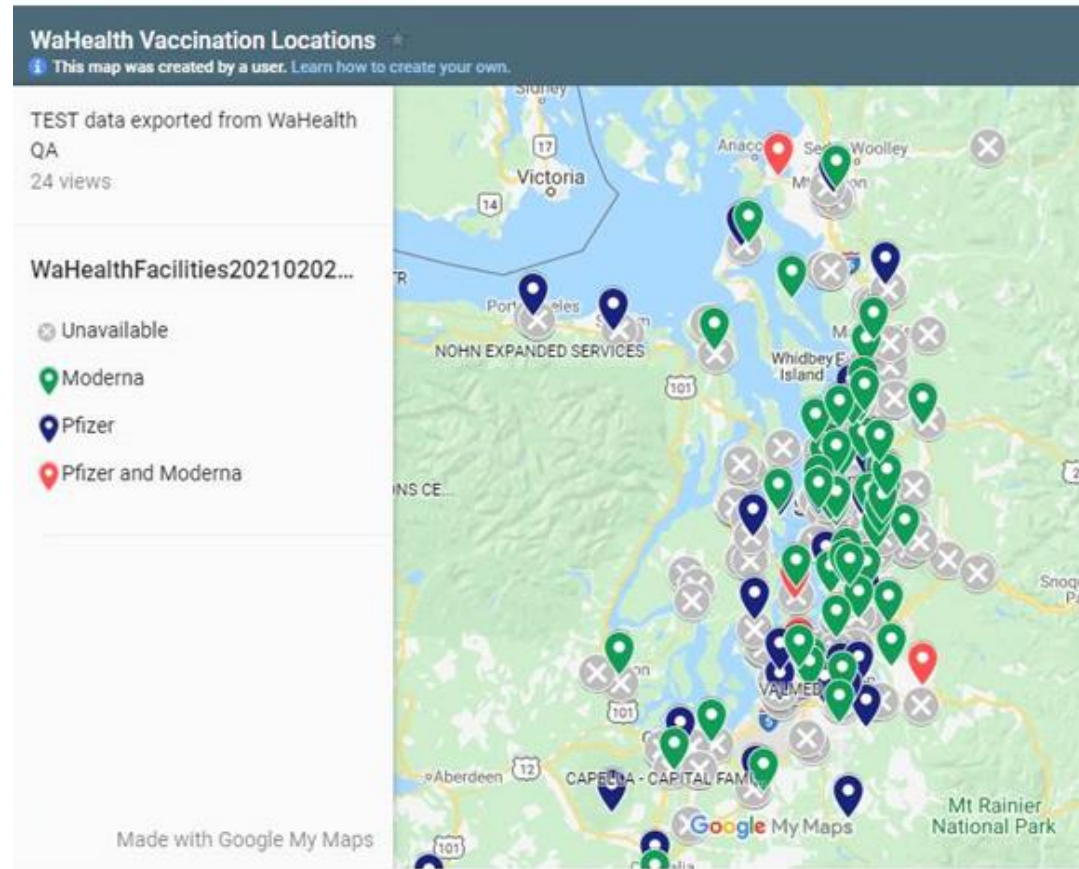

# Connecting The Public With Vaccine

## Future State

**Goal** – automate process to reduce reporting burden and improve timeliness of connecting the public with vaccine

- Expand existing platform
- Vaccine sites share & update own data
- Real-time update in DOH Vaccine Location Map

# Supporting Vaccine Location Information Through WA HEALTH

PROVIDING TIMELY DATA TO THE PUBLIC

# WA HEALTH

A technology platform  
that collects key hospital and health care data and  
provides the data in a seamless way  
to help support leaders across the state  
make timely and informed decisions  
in response to public health threats.

[WA HEALTH Informational Portal](https://www.doh.wa.gov/ForPublicHealthandHealthcareProviders/WAHealth)  
<https://www.doh.wa.gov/ForPublicHealthandHealthcareProviders/WAHealth>

# Why WA HEALTH

**Existing Platform** – WA HEALTH is an existing DOH data platform that can provide immediate support

**Broad Adoption** – Vaccine partners are already sharing data with WA HEALTH

**Site Controls Content** – Content can be updated and managed directly by sites in near real time

Therapeutics/Vaccines

## Therapeutics/Vaccines

Last submitted 10:58 AM, 02/08/2021 by Donna Bybee

### Therapeutics

Therapeutic Name	Courses administered in the last week	Courses on-hand
Casirivimab/ Imdevimab (Therapeutic A)	<input type="text" value="1"/>	<input type="text" value="2"/>
Bamlanivimab (Therapeutic B)	<input type="text" value="3"/>	<input type="text" value="4"/>

### Quick tips

#### Therapeutics data

Therapeutics data submission is required on Wednesdays only. On other days, leave the therapeutics fields blank when submitting vaccine data.

#### Total doses administered previous day

If this is your first time entering this data, provide the total doses since first administering a COVID-19 vaccine. If you must skip a day in reporting, please make sure to provide the doses administered since you last reported.

#### Planned Vaccine Administration Target for Upcoming Week

The following week refers to the period of days, 9-15 calendar days from the time of submission, excluding the date of submission. Example – If data were submitted on Monday, Jan 11, the following week would refer to Wednesday, Jan 20 through Tuesday, Jan. 26.)

### Total doses on hand of all COVID-19 vaccines (reported daily)

### Total doses of all COVID-19 vaccines administered the previous day (reported daily)

### How many first doses of COVID-19 vaccines are you planning to administer for the following week (from Wednesday through Tuesday) (reported every Monday)

### Public Vaccination Sites

We are offering vaccine appointments to the general public

☒ No

NOTE: If checked, your location will appear to the public on the Vaccine Locator provider list and map

Submit

# Connecting The Public With Vaccine

## Future State – Recap

**Goal** – automate process to reduce reporting burden and improve timeliness of connecting the public with vaccine

- Data sites provide will populate the Vaccine Location map and list.
- Connects vaccine availability to site location
- Map and list will update
- Vaccine sites control data
- Reduce reporting burden and confusion

# Scheduled Vaccine Locator Release 2/17

Scheduled for **evening of Wednesday, Feb. 17**

**All:** Please stay out of WA HEALTH from 5 p.m. – 11 p.m.

**Existing Facilities:** Please update daily data by 2 p.m.

**Existing Data Users:** Please conclude exporting reports by 4:45 p.m.

We report in WA HEALTH so that  
WA has better data for decision making so that  
patients receive care when and where they need it

# We Are Here To Support You

If you have any questions regarding:

- WA HEALTH access
- Onboarding
- Data submission

2<sup>nd</sup> user call on 2/11 3-4pm

## Other Important Vaccine Information

## REPORTING

System	Action	Frequency	Timing
VaccineFinder	<input type="checkbox"/> Vaccine inventory	Daily	Daily
WA HEALTH	<input type="checkbox"/> Number of vaccine doses on-hand	Daily	Daily
	<input type="checkbox"/> Number of vaccine doses administered yesterday		
	<input type="checkbox"/> Number of doses you plan to administer in the next week	Weekly	Mondays
Washington State Immunization Information System	<input type="checkbox"/> Patient demographics <input type="checkbox"/> Vaccination Information See <a href="#">required data elements</a> list.	As needed	Within 24 hours of vaccine administration

## ALLOCATION

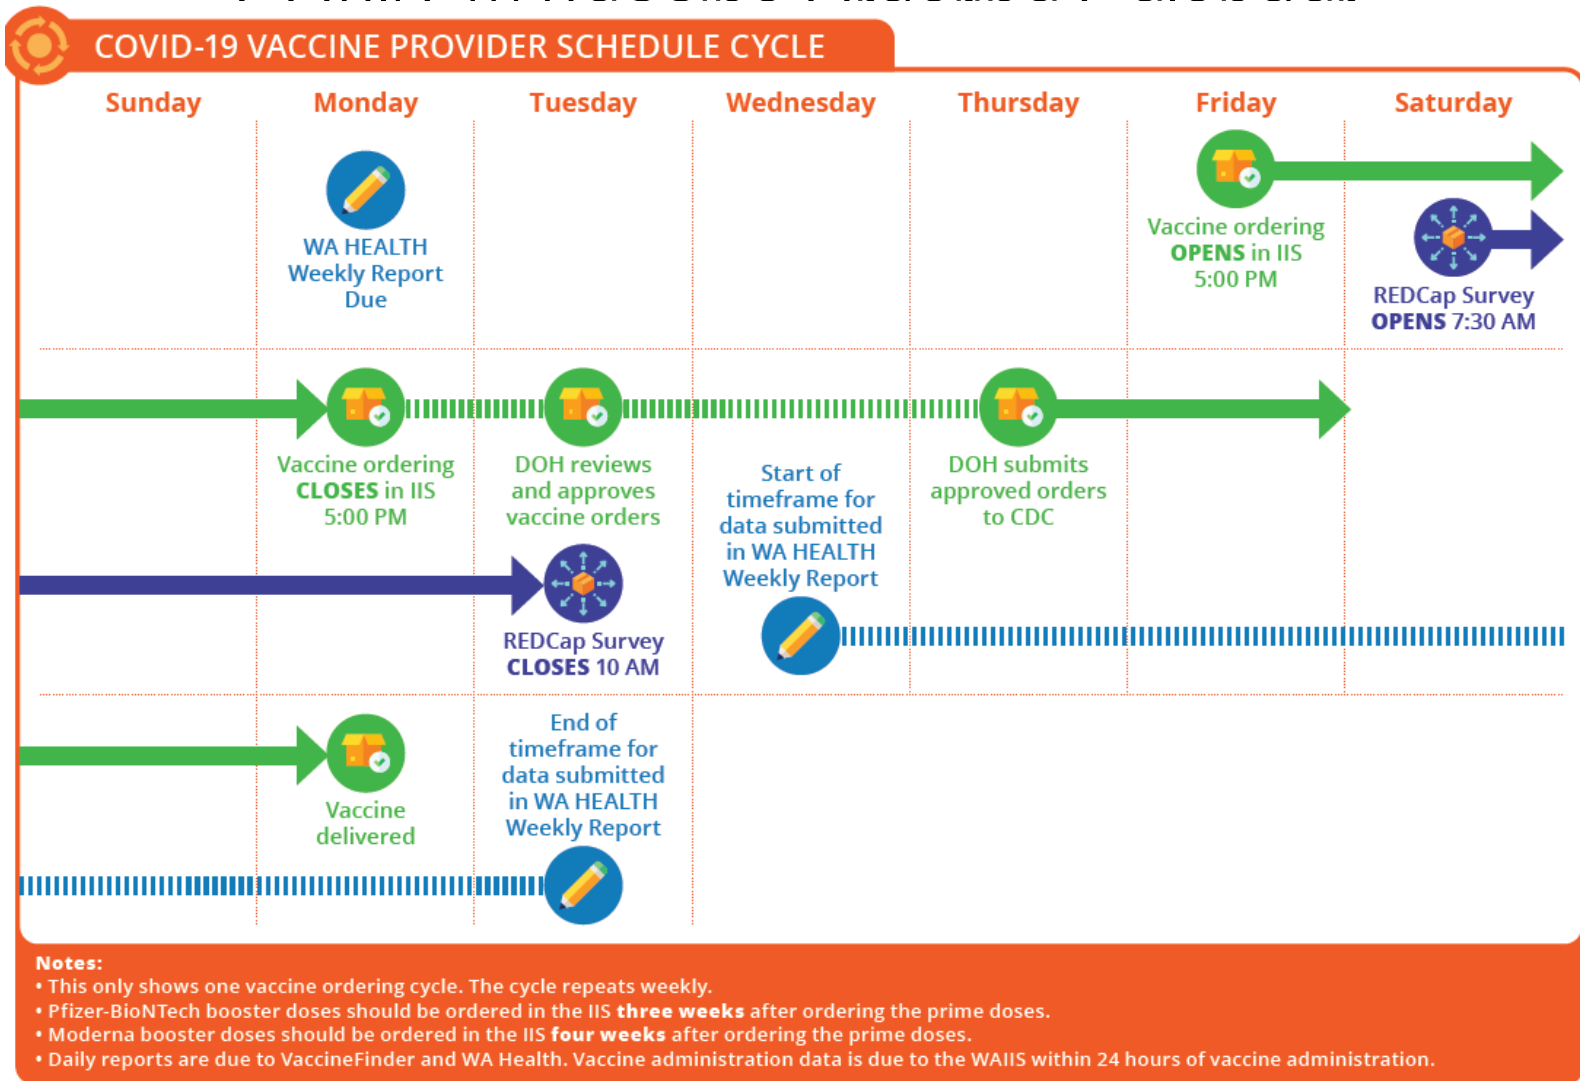

System	Action	Frequency	Timing
REDCap Survey	<input type="checkbox"/> Complete survey questions. DOH uses this to decide how to allocate vaccine.	Weekly	Saturday 7:30 AM to Tuesday 10 AM

## ORDERING

System	Action	Frequency	Timing
Washington State Immunization Information System	<input type="checkbox"/> Order prime (first) doses	Weekly	Friday 5 PM to Monday 5 PM
	<input type="checkbox"/> Order booster (second) doses	Weekly, based on timing of prime dose	Friday 5 PM to Monday 5 PM
	<input type="checkbox"/> Pfizer-BioNTech booster doses <b>three weeks</b> after prime doses		
	<input type="checkbox"/> Moderna booster doses <b>four weeks</b> after prime doses		
	<input type="checkbox"/> Receive prime and booster doses ( <b>one week after ordering</b> )	Weekly	Monday to Tuesday

# COVID-19 Vaccine Provider Schedule Cycle

# PrepMod

PrepMod is a web-based software application that features:

- Online consent forms
- Self-scheduling of appointments
- Patient pre-registration
- Virtual check-in
- Direct connection to the IIS for reporting
- Reminder messaging function

# Intake Questions

For PrepMod enrollment, please email (with “PrepMod Enrollment” in the subject) the following information to [COVID.Vaccine@doh.wa.gov](mailto:COVID.Vaccine@doh.wa.gov)

- Name (designated coordinator for your organization)
- Job Title
- Agency (as entered in REDCap Survey)
- REDCap # (if available)
- Agency Address
- Primary Phone Number
- Work E-mail Address

Q&A
